HOW THE BAR TAB WORKS

Planning a celebration or event? We like to keep things simple (and flexible). Here's how our bar tab system works:

Your pre-paid minimum spend goes toward wine, beer and classic cocktails only - giving your guests a great selection of favourites to choose from on the night.

Want to customise your tab?

No problem. Whether you'd like mocktails, or top-shelf spirits, our team can help tailor your tab to suit your style and budget. Just chat with us ahead of time - we'll make it easy.

No drinks packages. No complicated tiers. Just a flexible, easy way to treat your guests.
